4. Possible side effects

Like all medicines, Veno's Honey and Lemon Syrup can have side effects, but they are very rare.

Stop taking the medicine and seek immediate medical help if you experience:

- Allergic reactions. These may include developing a rash, swelling or difficulty breathing.

1. What Veno's Honey and Lemon Syrup does

Veno's Honey and Lemon relieves the symptoms of tickly coughs and sore throats. The medicine contains three active ingredients: glucose liquid, honey and lemon juice to help relieve your symptoms.

2. Check before you take Veno's Honey and Lemon Syrup

 Do not take Veno's Honey and Lemon Syrup:
• If you have ever had an allergic reaction to glucose liquid, honey and lemon juice or to any of the other ingredients (listed in Section 6).

Sodium metabisulfite (E223) may rarely cause severe allergic reactions and breathing difficulties.

 Take special care with Veno's Honey and Lemon Syrup

- If you have diabetes mellitus. Each 5 ml dose contains 4 g of glucose liquid.

 Pregnancy and breast feeding

Talk to your doctor before taking Veno's Honey and Lemon Syrup if you are pregnant or breastfeeding.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard. By reporting side effects you can help provide more information on the safety of this medicine.
