

With its antiseptic properties, Superdrug Lip & Cold Sore Cream relieves and promotes the healing of painful and unsightly cold sores and dry, cracked lips.

Directions: Apply the cream sparingly every hour as needed. If symptoms persist, speak to your doctor.

Warnings: Use this medicine only on your skin. Do not use if you are allergic to any of the ingredients (see ingredients). Side effects are rare, however, cetostearyl alcohol may cause skin reactions such as inflammation and redness where the cream has been applied (contact dermatitis). If this occurs or you notice anything unusual, tell your doctor or pharmacist. Keep out of the sight and reach of children. Store below 25°C. Do not use after expiry date.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card Scheme at: www.mhra.gov.uk/yellowcard. By reporting side effects you can help provide more information on the safety of this medicine.

The active ingredients (what makes the cream work) are urea (1.0% w/w), dimeticone 350 (9.0% w/w), cetrimide (0.5% w/w) and chlorocresol (0.1% w/w). Other ingredients are paraffin, cetostearyl alcohol, water.
